Jagat Kumar joined as an Associate Research Analyst for our Company SourceCode Pvt. Ltd. on February 2021 and worked till July 2021 before bidding farewell to pursue his career ambitions. Specifically, he worked for our new innovative product: Smart Wealth Pro in areas of valuation, features research, investment newsletter, and financial analysis but not limited to it. He exemplified sheer dedication and professional attitude throughout the employment period and contributed to make Smart Wealth Pro one of the leading capital market analysis software in Nepal.
